

**Workshop Agenda**  
**Bonneville Power Administration**  
**Slice Contract Workshop – Technical Operating Procedures**  
**Jan. 10, 2008**  
**BPA Rates Hearing Room**  
**Phone connection: (503) 230-5566, 0678#**

1. Introductions
2. Define Workshop Objectives
3. Process Discussion
  - a. How do we proceed?
4. Ground Rules
  - a. BPA holds the pen
  - b. All ideas are welcome
5. BPA's Crosswalk Document (FYI)
6. Obvious TOP Deletions
  - a. Self-Supply of Energy Imbalance and Operating Reserves
    - i. Why – Policy decision to exclude from the Slice product
    - ii. Section 13(g)
  - b. Dynamic Scheduling
    - i. Why - Policy decision to exclude from the Slice product
    - ii. Section 13(h)
    - iii. Definitions 1(i), 1(j), 1(k), 1(w), 1(bb), 1(jj), 1(tt)
7. Obvious TOP Additions
  - a. The Model(s)
    - i. Build upon the Framework document
  - b. Definitions
    - i. Discretionary Generation
    - ii. Discretionary Storage
    - iii. Storage Complex
    - iv. Rest of System
8. Other TOP Deletions
  - a. Critical Slice Amount Adjustment Account
    - i. Why – The standard for determining NR is monthly. 7(i) flex undermines the validity of the monthly RSO test.
    - ii. Section 7(i)
  - b. Storage Transfers
    - i. Why – Never implemented in current contract.
    - ii. Section 8
    - iii. How to do in model?
  - c. CGS Displacement Election
    - i. Why – Diminishing interest; lack of utilization by current customers.
    - ii. Section 11
    - iii. Definitions 1(e), 1(h), 1(p), 1(t), 1(cc), 1(kk)

- d. PNCA Interchange Energy
    - i. Why – This should either be considered a System Obligation because it's a part of the PNCA, or, due to its discretionary nature, not considered a System Obligation.
    - ii. Section 12
    - iii. Definitions 1(u), 1(v)
  - e. 90 day & Multi-year Model Replacement
    - i. Why – BPA will develop tools and models necessary to provide contractually required information; BPA will not maintain separate systems for Slice use
    - ii. Section 15
  - f. Model Descriptions
    - i. Why – BPA will develop tools and models necessary to provide contractually required information
    - ii. Section 16
9. Modifications
- a. Work through the remainder of the Exhibit provision-by-provision
