

Revise Regional Dialogue NR Firm Power Block Power Sales Agreement section 13.3.1.3 and Regional Dialogue Residential Purchase and Sale Agreement section 16.2.1.3 to read as follows:

The Parties may agree that the applicable increase in load of installed production equipment at a facility will exceed 10 Average Megawatts consumption over any 12 consecutive months and such agreement shall constitute a binding NLSL determination.

Alternatively, revise them to read as follows, which would provide more clarity:

The Parties may agree that the applicable increase in load of installed production equipment at a facility will equal or exceed 10 Average Megawatts consumption over any 12 consecutive months and that such production load will constitute a NLSL. Any such agreement shall constitute a binding NLSL determination.
