

Regional Dialogue Clean-up Amendment

Section 3.2 of our Contract "Take or Pay" could be amended as follows:

3.2 Take or Pay

UIUC shall pay for the amount of Firm Requirements Power it has committed to purchase under section 3.1, and that BPA makes available *at the Point of Delivery* at the rates BPA establishes pursuant to the TRM, as applicable to such power, whether or not UIUC took actual delivery of such power.

This clarifies that we are not obligated to pay for power that is not delivered to us under either a force majeure or due to transfer delivery problems.
