

**EXHIBIT A
PARAMETERS OF CUSTOMER'S REQUEST FOR
NETWORK INTEGRATION TRANSMISSION SERVICE**

INSTRUCTIONS AND TSR CONFORMANCE

Instructions:

This Exhibit sets forth the parameters of the Customer's TSR for Network Integration Transmission Service. The Customer shall sign this Exhibit and submit it concurrently with the PTSA to Bonneville. Pursuant to Sections 1 and 3(a) of the PTSA, failure to do so will result in the PTSA not taking effect and the Customer's TSR being 'DECLINED' in OASIS.

Upon Bonneville's determination that it can provide Transmission Service to the Customer's TSR, the Parties shall work together to conform the TSR. Once the Customer's TSR has been conformed, Bonneville will fill in the applicable information in the TSR Conformance Table below and send to the Customer for its approval. The Customer shall provide its approval by initialing in the appropriate column in the Conformance Table and then return this Exhibit to Bonneville. Upon receipt of this Exhibit from the Customer, Bonneville shall sign this Exhibit and prepare the appropriate table or revision to the Customer's NT Service Agreement incorporating the Customer's TSR, which shall be executed by the Parties.

TSR Conformance

Bonneville will fill in all applicable information below, based upon the Customer's original TSR, or as may be revised and described in a conformed TSR submitted by the Customer. The Parties shall initial in the spaces provided.
