

# NAESB Business Practice Subcommittee (BPS) ATC Project

Betty Fung  
9/12/14

# BPA Participation in NAESB BPS

- BPA will participate as a member in the NAESB Business Practice Subcommittee (BPS)
  - BPA Member representatives
    - Betty Fung (Policy)
    - Natasha Bryant (OASIS Reservation)
  - BPA plans to coordinate this topic similarly as was done for the NAESB Competition and Preemption Project

# Other NAESB Activities

- **ATC Standards Development (MOD A)**
  - Assigned to the Business Practice Subcommittee (BPS)
  - October 1<sup>st</sup>, BPS Webinar – Project kick-off
  - BPA plans to attend the BPS Webinar
  - Materials posted on the NAESB BPS Website under Sept 3<sup>rd</sup> and 4<sup>th</sup> meeting notice
  - Project includes the *consideration* of NERC requirements to support commercial standards
    - Currently there are 43 Requirements that NAESB BPS will be considering for commercial standard development
    - BPS Project completion slated for 2<sup>nd</sup> quarter of 2015

# Other NAESB Activities

- Topics for NAESB BPS considerations include:
  - ATC Methodology
  - Frequency of posting ATC
  - Calculation of ATC
  - Recognizes the need to separate Reliability and Commercial Operations including data management needed for the calculation of ATC, TRM, and CBM
