

2018 TSEP

2018-19 Commercial Assessment & Studies

Conclusion

Next Steps

- Send out cluster study closeout letters
- Tender Mandatory CF offers
- Tender Preliminary Engineering Agreements (PEA)
- Send Third-Party Notices
- Initiate the 2018 Cluster Study
- Continue NT Dialogues

Appendix

Agency Strategy

- **Meet transmission customer needs efficiently and responsively.** In response to calls for greater clarity on how to access additional transmission service, BPA will standardize and streamline its transmission products, services and processes. The agency will also develop a more flexible, scalable, economical and operationally efficient approach to meeting customers' needs, consistent with the commitment BPA made when it decided in 2017 not to build the estimated \$1.2 billion I-5 Corridor Reinforcement Project.

WE ENERGIZE THE PACIFIC NORTHWEST

Transmission Value Proposition

Operating a High
Performing Grid

Enabling Economic
Growth in the Region

Providing Access to Federal
and Non-Federal Resources
And Markets
