

Transmission Services

To Transfer or Assign an Interconnection Request

The Transfer of a Large Generator Interconnection Request to another entity is governed by Section 4.3 of the Large Generator Interconnection Procedures (LGIP).

Please review the Notice requirement in the section titled 'Assignment Prior to LGIA' of the Large Generator Interconnection Business Practice.

If the entity to which the transfer is being made is not already established in BPA's systems, please follow the "New Customer Instructions". If you are in any doubt as to the steps to follow, please contact your **Transmission Account Executive** or the **LGIP Administrator**.
